

Pebble Brook School Exam Results 2018-19

English

Our English results are great with all but 1 year 11 pupil passing all components of their examinations.

86% of year 11 pupils passed examinations at above their target level, and 93% were on or above target. This is compared with 38% exceeding their examination target last year.

Looking at final working levels 100% of pupils achieved their target or better, with 86% working above their target level.

Notable successes are two pupils achieving Level 2 Functional skills in English and 6 pupils achieving Level 1 functional skills.

Maths

Our Maths results are also really good and show an improvement from last year. All but one pupil achieved an examination on or above their target, with 93% on or above their target grade, with 29% exceeding their target grade in examination. This is slightly down from last year's 46% , however this was due to the nature of the level one qualification which was pass or fail- the pupils entered for this qualification already had their target grade. Those who did not pass will be retaking in year 12. Looking at final working levels 64% (54% last year) were working above their target levels with 36% on.

A notable success was our one GCSE candidate who achieved a level 4, also one particular pupil who came to us in year 7 only just performing at the very beginning of the national curriculum levels, who achieved a Level 1 qualification.

Science

All year 11 pupils in science achieved an entry level qualification. We no longer enter students for BTEC. All pupils were on or above their target grade, with 29% above their target grade.

Vocational Options

Unless specified these results are for the whole of KS4

BTEC sport

2/2 year 11 pupils achieved level 1

BTEC travel and tourism

4/4 pupils achieved Level 1

5/5 achieved entry level 3

BTEC home cookery skills

3/3 pupils achieved level 2,

4/4 achieved level 1

Information Technology Level 1 Certificate

12/14 of year 11 pupils were entered for this qualification and all achieved it. 1 pupil successfully achieved Entry level 3

All the pupils who took the options below were successful in achieving an Entry level 3 qualification.

NCFE Occupational Studies – Bricklaying

NCFE Creative Craft

ABC Small animal care

ABC Horticulture

ABC Painting and decorating

To put all of this into context, our children come to us working significantly below age related expectations and many of them come out of year 11 with a number of level 1 and level 2 qualifications which have GCSE equivalence.

Pupils A -3 level 2 qualifications and 3 level 1 qualifications.

Pupil B – 2 level 2 qualifications, 1 level 1 as well as a number of E3
